## Thank you for providing Renee with housing, job training classes, and the opportunity to work towards getting her GED through the Youth Development Program!

When Renee came to The Coffee Oasis, she had recently lost her housing. She met with a Youth Development Worker and completed an application to our Nelson House program. The next day, she interviewed with our Resident Manager and was accepted into the program.

Renee immediately began working with a case manager. She started opening up about her trauma and her history of self harm. She has now established healthcare and been connected to a therapist. With each passing day, Renee is becoming more open, friendly, and relaxed with our staff.

**Currently, Renee is participating in our job training program and working on getting her GED. Thank you for providing support for her to grow and heal!**
